Specification

Description: Arrow is a chromed beauty designed by Joakim Thedin, a man who creates more than just light. Its chrome details reflect the room and other light sources. Arrow can really create a light show.

We recommend: Position two or three in a row above your dining table.

Technical: Arrow has one bulb holder and uses an E27 light source (wide cap). Use a maximum 60 Watt incandescent bulb; or the equivalent in halogen, low energy or LED. Suspend using a ceiling hook.
